

Guardians of territories, protectors of species, and builders of resilient communities.

Celebrate International Women's Day with Women for Conservation and Population Connection!

# We Are.

An organization  
dedicated to protecting  
endangered wildlife  
through women's  
empowerment.

# Us.

We support **rural, Indigenous, marginalised, and minority women** who lead environmental transformation.

We recognise that women are **facing disproportionate impacts from the climate crisis and biodiversity loss.**

# We Do.

**Practical and holistic** work centred on three pillars:

- **Nature Conservation**
- **Healthy Habitats for Healthy Communities**
- **Sustainable Livelihoods**

We prioritise **high-biodiversity areas**, **empowering women** to live in harmony with the **environment**.

# NATURE CONSERVATION

We protect **KEY HABITATS FOR,**  
**ENDANGERED SPECIES**  
investing in communities to  
reduce degradation and  
strengthen **local capacity.**

# HEALTHY HABITATS & COMMUNITIES

We offer **voluntary** access to **reproductive health** and education for **rural communities** in key biodiversity areas.

Celebrate International Women's Day with Women for Conservation and Population Connection!

# IMPACT 2020- 2026

## FAMILY PLANNING

# 4.375

## Total Rural People Served

**Introduction to Family Planning: 2.978**

**Implants: 949**

**Tube Ligation: 142**

**Follow-up (Health Control): 97**

**Vasectomies: 138**

**Participants in Organizational Meetings: 45**

**Medical Assessment: 26**

“

I came from my community in Nuevo Colón. It's a four-hour journey: two hours by motorcycle and two hours walking. I'm very happy to be here with you. For us, it's important to talk about family planning because it helps us take care of our health and think more carefully about when to have children. That helps young women live better and make decisions about our future.

”

**Mónica, Arhuaco Indigenous woman and mother of two**

Pueblo Bello, Cesar

# SUSTAINABLE LIVELIHOODS

We facilitate transitions to **eco-friendly enterprises**, replacing destructive practices with circular alternatives.

Local alliances lead campaigns based on community needs.

Celebrate International Women's Day with Women for Conservation and Population Connection!

# We are a legacy

Celebrate International Women's Day with Women for Conservation and Population Connection!

We work in alliance with **local women's groups**, which organise and lead conservation campaigns based on **their communities' needs**.

 Celebrate International Women's Day with Women for Conservation and Population Connection!

Women,  
protecting nature.

# Replicating Our Model in the Global South

Thank you
